One of its most important tasks is to examine community needs to determine what must be done to make it a better place to live and to do business. Then it channels community resources to the fullfillment of these needs.

It organizes and develops the necessary leadership to guarantee that the organization will become an effective force for expansion and improvement.

One of the most important of the "community resources" is voluntary manpower.

While membership in a BCD dues-paying membership.

It is the volunteer workers, side by side with his neighbors, who put over any program of work outlined by the BCD.

In these days of demand from every side, it becomes necessary for the business man to budget his time and energy

There is no organization in Hamlin which offers a greater return for investment of time and money than your BCD.

For the BCD is the only organization here which gives its full time working for a better city in every way for every

Many critics of the small loan industry have contended the loan companies have made extra and unjustified profits by serving as "agents" for the sale of credit insurance to borrowers.

Actually, according to the opinion, the creditor (loan company) is the buyer of the insurance policy and, as such, is not entitled to an agent's commission on the sale.

This opinion, it was felt, will help to clear up the sticky problem of keeping a lid on charges for insurance required of borrowers as security for loans SCHOOL CONSOLIDATION WEIGHED - Senate ran into problems over a bill designed to encourage small school districts to economize.

Under present law, if several common school districts in a county consolidate, the first result is that state aid for the combined district is less than for the several seperate districts. Government research specialists, however, have long advocated more consolidation in the interest of economy, efficiency and better school programs.

Sen. Tom Creighton of Mineral Wells is sponsoring a measure providing that common districts forming a consolidated district of 1,000 pupils or more shall, for 10 years, continue to receive as much state aid as before consolida-

The climate couldn't be better for buying a new JET-SMOOTH CHEVRO

(and that's the car more people are buying!) There's nothing like one of these Jet-smooth Chevrolets to fit into your summer travel plans. They're built to take long trips in stride-from the special brand of "git" they've got under the hood (choose from 26 engine-transmis-

sion hookups designed to please the most persnickety driving foot) to the cave-sized totin' area in the rear (the tailgate opening on that wagon measures nearly 5 feet across). And every gentle riding Jet-smooth

model brings you Body by Fisher features you won't find in any other car in Chevrolet's field-wide stroke parallel action windshield wipers, convenient crank-operated ventipanes,

one key that fits all locks. No wonder more people are buying Chevrolets than any other make! And right now-with things brightening up all over the landyou couldn't pick a better time to drop in and check the beautiful buys that are blossoming out at your dealer's.

WASHINGTON, D. C. - receives appropriated funds for the expenditure of the Federal funds from the Federal Treasury which have not been directly appropriated by Congress. This is not to say that the Congress is not responsible, because in years past it has authorized the practice. These funds, however, are not included in the Federal Budget, nor are they appropriated

by the Congress. PRIOR TO 1920 NO ONE COMMITTEE of the Congress had the authority for the overall review of appropriated money to all the agencies of Government. In that year there was established the Appropriations Committee, and since then exclusive jurisdiction for annual resets with this

IN SUBSEQUENT YEARS, HOWEVER, methods were found to circumvent annual appropriations, and there are now several methods whereby money from the Treasury of the United States can be spent without the Congress appropriating for it.

THIS COMES ABOUT CHIEFLY by the Congress having authorized numerous Departments and Agencies to borrow money directly from the Treasury and outside the annual Budget.

IN ADDITION TO THIS METHOD, continuing longterm programs costing hundreds of millions of dollars, having been approved by Congress, must be paid for each year. Many of these programs receive their support by direct appropriation, but is the same as buying on the install-

ANOTHER METHOD OF SPENDING public funds without appropriation is that of note cancellation, whereby a Government agency's notes to the Treasury are cancelled without mention of an appropriation. Many times the Agency again borrows from the Treasury and bypasses annual budget review.

STILL ANOTHER METHOD IS PRACTICED by those agencies which charge a fee for services performed. The agency

John Crowe Attends Sales Workshop

John Crowe, sales manager Conally Ford Sales, Hamlin, atended a five-day Division truck sales workshop in Abilene this week.

He is one of eight Texas Ford dealership representatives who participated in the comprehensive training program conducted by C. F. Kelly of the Ford Marketing Institute in Dallas.

The workshop included classroom and field training on product features, financing, customer service and proper uses of truck in all transportation situations.

Sessions were also devoted to improvement of sales techniques and management. Emphasis was placed on practical application of sound business fundamentals.

OPEN HOUSE COMING SOON

I have received a number of inquiries since the dial conversion last August as to when we were going to have an open house so our customers could see the dial equipment and changes that have been made at the Telephone

April 27 and 28, Thursday and Friday, will be the big days of our Open House. Come by between 2 and 5 or 7 and 9 p.m. either day and let us show you your Telephone system in operation. Don't forget, bring the whole family.

HEAR YOUR VOICE

Many people are surprised when they first hear a recording of their own voice, because most of us don't sound like we think we sound. We're going to have a unit at the office during the Open House to enable you to hear your own voice. You may be surprised to find that your telephone voice is not what you thought it was. There'll

be other exhibits too, of interest to everyone. Keep in mind, April 27 and 28; and plan on bringing the children and friends. It's a family affair.

SPRING PHONE FAIR

Well, by now most of us in Hamlin don't need a weather man to tell us spring is here. There are signs of it everywhere. Have you noticed the kids lately . . . skipping rope, swinging bats, and chasing pop flies?

The grown-ups too, are busy around the house. Painting and rearranging rooms, even adding on to the house itself to make it more comfortable for the family. We're busy at the telephone company, too, getting ready

for spring with an event called Spring Phone Fair. It is to be our way of reminding you about the many new telephone services we have to help you make your home more convenient and attractive.

For instance, how about a new phone in color for a bedroom? Or a wall phone for the kitchen, playroom or work area. Perhaps you'd like the smart princess phone for your living room . . . so little, so lovely and it lights. Or maybe you'd prefer the soft musical tones of the bell chime. You can see all of these new telephone services on display at our Spring Phone Fair in the Hamlin tele-

phone business office. If you don't get a chance to see them and would like more information, just call SP 4-1691 or ask any telephone service man.

FREE PROGRAMS FOR YOUR GROUP

Since some Hamlin civic, church and social groups already are planning spring programs, this seems like a good time to remind you of our standing offer to provide entertaining and informative telephone programs for

'THE WHITE WARRIOR' STARRING

ay at the Rogue Theatre.

Based on a novel by the great Russian author Leo Tolstoy, The White Warrior" depicts the fierce resistance of independent Caucasian mountain ribes to the tyranny of Czar Nicholas in the mid-nineteenth century. Leader of the revolt and hero of his people is Hardji Murad, better known as the "White Warrior."
